EXPORT UNLOCKED

Full Diagnostic Supply Chain & Customs Health Check

Export Unlocked will look at every aspect and go through your Procedures and SOPs, so it is important that the right people within your business are involved during the visit.

We would recommend minimum of Import/Export Managers, Logistics Manager, Sales Manager, Compliance Officer are in attendance for some or all of the day.

We have built the platform, that this can be done via a visit to your offices or Online via Zoom / Teams with different departments, allowing less disruption to your business.

Simplified Report

Your Simplified Customs Health Report

- Your Report Score 33/100 Needs Review
- We appreciate your submission of answers through the simplified Customs App. To gauge your comfort level in case of a customs audit, consider focusing on three essential areas.

Poor

- This indicates based on your own diagnostic that you have some key areas that require some urgent attention and support from the team at Export Unlocked.
- We can offer support if you feel you need this and would recommend around 4-6 hours support.
- Shows you have some areas of good compliance but may require a team member to go through the report and highlight the areas that still need addressing.
- Again, support is on hand if you require , we recommend up to 2 hours consultation

Good

- This is your Own diagnostics and based on your answers , this is telling us you have good compliance as a business.
- Support is on hand if required and we recommend 1 hour consultation with our team.
